Policy No. **3690**

<u>Ohio Computer Science Promise Program</u>

In accordance with Ohio law, the School shall count courses successfully completed under the Ohio Computer Science Promise Program for high school credit toward the graduation requirements and subject area requirements of the School. If a course comparable to one a participant completed with an approved provider is offered by the School, the School shall award comparable credit. If no comparable course is offered, the School shall grant an appropriate number of elective credits to the participant.

If there is a dispute between the School and a participant regarding high school credits granted for a course, the participant may appeal the decision to the Ohio Department of Education. The Ohio Department of Education's decision regarding any high school credits granted under the Ohio Computer Science Promise Program is final.

Evidence of successful completion of each course and the high school credits awarded by the School shall be included in the student's record. The record shall indicate that the credits were earned as a participant under the Ohio Computer Science Promise Program and shall include the name of the educational provider at which the credits were earned.

Early College Academy Staff shall notify Parents/Guardians of the program by using

> One Dialer to send message to phone
> School Counselor will visit classes to explain the program directly to students
> Enrollment packet will include a fact sheet explaining the program
> Program information will be posted on ECA Web Site
